# DID YOU KNOW?

*Highlights of new and unique services, programs, events, collections, and activities offered through the Chicago Ridge Public Library.*

The Mango Languages logo features two mangoes flanking the word "mángo" in a stylized font, with "languages" in smaller letters below it. Below the logo is a screenshot of the Mango app interface on a tablet, showing a menu with "63 Languages" and options for Spanish, French, and German. To the right of the tablet are two smartphones displaying the Mango app's home screen. The background of the screenshot shows a silhouette of a person reading a book against a teal background with vertical lines.

## Mango Languages

Mango offers access to 60 foreign language courses and 17 English courses taught completely in the user's native language. In addition to traditional language courses, Mango also offers the opportunity to learn through foreign film with Mango Premiere™ and access to a variety of specialty mini courses, like Pirate, Medical Spanish and romance courses. Mango can be accessed at the library, remotely, or even on-the-go with apps for iPhone®, Android™, Kindle® and Nook®.

Each lesson combines real life situations and audio from native speakers with simple, clear instructions. The courses are presented with an appreciation for cultural nuance and real-world application by focusing on the four key elements of language learning: vocabulary, pronunciation, grammar, and culture.

Access Mango for free with your library card at [chicagoridgelibrary.org](http://chicagoridgelibrary.org) under **Research -> Online Resources -> Language**. If you install the app, you will be able to log in through the app.
