### MISSION & PURPOSE

The United States Minority Contractors Association (USMCA) STEM program helps inspire students to ask questions, identify challenges, probe new techniques and create solutions. Access to Science, Technology, Engineering and Mathematics education is sorely needed throughout the United States. The USMCA STEM program can help advance access in these fields in the targeted communities by utilizing the professional services and construction firms within the USMCA to offer opportunities that strengthen and guide local youth towards pursuing advanced degrees and careers in the Science, Technology, Engineering and Mathematics fields as well as trade schools. The STEM Foundation is a 501(c)3 Organization.

The purpose of this event is to raise funds to give out scholarships to STEM-focused and trade school students by the end of the year. Come out and "Swing for Scholarships", network and support a good cause! Brought to you by USMCA STEM Educational Foundation.

## STEM Education Foundation A 501(c)3 Corporation

March 13, 2026

**URGENT: Help Fund the Future of STEM!**

Dear Members, Strategic Partners, Corporate Sponsors, and Friends,

The US Minority Contractors Association (USMCA) STEM Education Foundation\*\* is on a mission to change lives—but we can't do it without YOU. Our annual Swing for Scholarships Golf Outing is just around the corner, and we need your help to ensure that deserving minority and women students get the financial support they need to pursue STEM careers.

This year, we're striving to expand our scholarships, reach more students in underserved communities, and partner with more trade schools and colleges\*\* that support underrepresented students. But we can only achieve these goals with your generous financial support.

Our scholarships provide:

- \$500 per year for 6th-12th grade students
  - \$1,000 per year for college and technical programs
- These scholarships are renewable and exclusively support women and minority students enrolled in STEM programs, trade schools, or ABET-accredited colleges.

These students represent the future of innovation, and they cannot be left behind. Your contribution isn't just a donation—it's an investment in the next generation of engineers, scientists, and skilled professionals who will change the world.

Take action today! Visit [\[www.usminoritycontractors.org/STEM\]](http://www.usminoritycontractors.org/STEM) to donate or register for our Swing for Scholarships Golf Outing on [Eventbrite](#).

For questions, call the USMCA office at 847-852-5010.

Your support means everything to these students—and to the future of STEM. Join us in making a difference today!

Thank you for your generosity and commitment!

Sincerely,

Rev. Larry S. Bullock, MPA, MDiv.  
President/CEO | U.S. Minority Contractors Association  
1250 South Grove Avenue, Suite 200,  
Barrington, IL 60010,  
847-708-1597

## DID YOU KNOW?

The movie "Hidden Figures" was the catalyst for USMCA to begin the STEM Education Foundation and scholarship program. **We want NO MORE Hidden Figures.**

**COVID 19 did not stop USMCA from increasing the number of scholarships awarded and funded.**

**Swing for Scholarships is a Signature Event sponsored by USMCA with net proceeds directly sent to the USMCA STEM Education Foundation.**

**How you can HELP.**

**You can donate directly to the STEM Education Foundation.**

**You can donate items to be auctioned for direct benefit to the fund to enhance the Swing for Scholarships event.**

**You can attend the event and have a great time for a great cause.**

**Swing for Scholarships**

**August 6, 2026**

**Eaglewood Golf Course**

**Itasca, Illinois**
